

# **Scott Green**

Waste Permits Division

Texas Commission on Environmental Quality

## ***Background***

Scott is a work leader in the Waste Permits Division of the TCEQ. He has been with the TCEQ and its predecessor agencies since December 1991. Scott has a degree in chemistry from Tarleton State University.

## ***Responsibilities***

Scott leads a work group of three chemists. Scott and his staff are responsible for reviewing the classification of industrial wastes, providing information and guidance to the regulated community and TCEQ staff on interpretation and application of industrial and hazardous waste regulations, and evaluating data relevant to hazardous waste combustion.
